PROFESSIONAL SUMMARY

Dedicated Full-Stack MERN Developer and Cloud / DevOps Engineer with hands-on experience architecting scalable web platforms and provisioning live Linux server environments. Proficient in building robust RESTful APIs with Node.js/Express, state-driven user interfaces in React.js, and scalable schemas in MongoDB. Proven record of independent infrastructure setup (DNS routing, Linux VPS deployment, reverse proxies) and delivering 5+ client applications. Expected B.Sc. in Computer Science from Benha University in January 2027.

TECHNICAL SKILLS

Core Stack (MERN):	React.js, Node.js, Express.js, MongoDB (Mongoose), JavaScript (ES6+), RESTful APIs
Cloud & DevOps:	Cloud Infrastructure (Huawei Certified), Linux (Ubuntu), VPS Provisioning, DNS & Domain Setup, Docker, Nginx, CI/CD
Frontend & Styling:	HTML5, CSS3, Tailwind CSS, Bootstrap, Responsive UI/UX, Performance Optimization
Secondary Backend:	PHP, Laravel Framework, MySQL (Eloquent ORM), JWT Authentication
Tools & Workflows:	Git, GitHub, Postman, VS Code, Agile/Scrum, Technical Leadership

PROFESSIONAL EXPERIENCE & INTERNSHIPS

PureSoft Backend Developer Trainee (PHP / Laravel)	Jan 2026 – Present Shebin El-Kom, Egypt
- Gained intensive practical training on server-side architecture, MVC patterns, and RESTful API engineering using PHP/Laravel. - Optimized relational database queries using MySQL and Eloquent ORM, collaborating within an engineering team via Git/GitHub.	
Freelance Yard / Self-Employed Full-Stack MERN Developer	Jan 2026 – Present Remote
Successfully delivered 5+ full-stack web applications utilizing MERN stack, ensuring secure authentication and responsive interfaces.	
D.Pear Company Front-End Web Development Intern (Team Lead)	Summer 2025 (6 Weeks) Egypt
Led a 4-developer frontend team to build a responsive website, performing code reviews and boosting mobile engagement by 25%.	
National Telecommunication Institute (NTI) Full-Stack Web Development Trainee	Jul 2025 – Dec 2025 Egypt
Completed 330+ cumulative hours of hands-on software development in Node.js & modern web standards; awarded Technical Excellence.	

KEY PROJECTS (FULL-STACK & DEVOPS)

Whales Academy Platform Full-Stack MERN & DevOps Lead	Best Trading Course in Egypt Production System
- Architected and built a complete trading educational platform featuring multi-role access (Admin, Instructor, Student) and video courses. - Engineered scalable REST APIs with Express.js/Node.js for user enrollment, video streaming permissions, and student progress tracking. DevOps & Infrastructure: Independently provisioned a Linux VPS from scratch, mapped DNS records, configured SSL/TLS, and set up Nginx reverse proxies for 24/7 continuous uptime.	
Restaurant Ordering & Showcase Platform Lead Full-Stack Developer	React, Node.js, Express, MongoDB
- Developed an interactive restaurant ordering system with real-time cart operations, dish categories, and responsive checkout. - Engineered an admin dashboard for real-time menu modifications, pricing controls, and live order tracking, styled with Tailwind CSS.	
Developer Portfolio Website Modern Web Project	React.js, Tailwind CSS, Vercel
Designed and deployed personal portfolio demonstrating full-stack projects, live demos, and technical roadmaps with top Web Vitals.	

EDUCATION

Bachelor of Science in Computer Science
Faculty of Science, Benha University
Expected Jan 2027 (Final Semester)

CERTIFICATIONS & HONORS

- Huawei ICT Academy:** Cloud Computing (ICT20260907000084 | Sep 2026)
- NTI:** Full-Stack Development Specialist (Technical Excellence, 2025)
- Huawei ICT Academy:** HCIA - Cloud Track (Scholarship Enrollee)
- IBM SkillsBuild:** Professional Web Development (Certified, 2024)
